

Welcome! Welcome! to our midyear Newsletter and Class List. I guess everyone is saying OMG where has the year gone but "Where has it gone?" Great weather to stay indoors in your PJ's and sew till your heart's content.

Our move to bigger premises now, nearly 14 months ago is the best thing we could have done. It has provided the space for 150 quilts to be on display to help you get inspired. The classrooms are bigger so you have room to move and no more queuing outside for the toilets. We love it! We now have the largest range of Patchwork Fabric, around 6000 bolts, in WA.

One of the exciting bits of news for this half of the year is the addition of Kerry who will be teaching Dressmaking in the evening for all those girls who can't come during the day. In addition she will be bringing her expertise in dance costumes, stretch knit and swimwear to Thursdays.

All your favourites in Patchwork classes with Sharon will be repeated and heaps of newbies with some great Xmas Workshops later in the year. Classes for Patchwork 11 years and upwards are still on Fridays after school and a couple of intro Workshops during the school holidays. Toni is still sharing her great Dressmaking expertise with the ladies on Friday's and girls after school on Wednesday's. I even heard a whisper of a Fashion Parade Oh La La!!! Jan and Toni are also giving you all the tips on "Know Your Sewing Machine" and "Know Your Overlocker". Annie's still bouncing around to cheer the souls of all the ladies she has known for generations.

Some exciting new projects and techniques still coming up with Jill's for Machine Embroidery. Lots of beginners have been welcomed this year to the addictive path of no return.

Michelle and I have just come back from the East from the advanced training on the computerised Avanti Long Arm Quilting Machine. What this machine can do will take your breath away. Every day there is something new to see.

Michelle is our up and coming Machine Embroidery guru which will add to her ever expanding knowledge with computers and machines in general.

Book yourselves some lessons and let the fun begin.

Another exciting extra for our shop is the introduction of the Accuquilt Cutting Machine. You can now cut all your shapes for applique and even make your own jelly rolls. Ask in store for a demo.

Excitement! Excitement! As well as Bernina providing finance for their exceptional range of machines - we are now able to provide finance to approved customers - Interest Free for any other Products.

Last but not least is the trusty Parking Inspector - I will keep you on your toes, so as all our customers get a fair go.

If you would like to see our made quilts please come into the shop or our online Classes Workshops will have photos of quilts next to each description.
