

## “Welcome! Welcome! Welcome!”

Wow! What a fabulous year we have had. Nearly 2 years you have been helping us provide the best Patchwork Shop South of the River or dare I say in the whole Metro area. Thanks to you our Customers!! Well done!!

It is only with you our customers, who provide us with wants and needs and continual support that we have been able to grow so quickly and of course to my generous staff members who provide the best knowledge and help to you.

The year behind us was tumultuous to say the least, with lots of learning curves for us all. Moving was by far the most disruptive which consumed all our Easter Break. Thanks again to my family including the grandies, my forever lovable staff and all our wonderful customers who bogged in and packed and moved and provided food and beverages to enable us a smooth transition as was possible.

OMG what a difference. Room to move, now double the floor space, tall ceilings so we can display our quilts to wet your Patchwork appetite, two classrooms, fresh air, inside toilets and of course our kitchen. As you all know food and beverage is what sustains us addicted patchworkers with baking as a second love for most of us and of course more importantly sharing from our hearts with our friends and welcoming new ones.

Last year saw us try many new classes, some popular and some not so. This year we will try again the most popular and of course try some new ones.

By far the most exciting workshop for the year is our introduction to the “Glacier Star Quilt” Sharon and I travelled to the Eastern States in October to learn how to make this amazing quilt. There are 6 different techniques using foundation paper piecing. The final results which aren't quite up on the wall yet, will blow your mind. It is the most fabulous quilt I have ever seen. Soon we will have it finished in 2 colour ways for you to admire. We will run it in 10 lessons over 7 months. Watch this space.

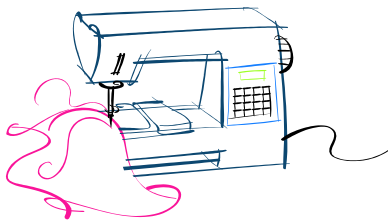

Last but not least is our luck in finding a new mechanic fully trained and accredited in all machines so rest easy, your machines will be looked after in good hands.

If you would like to see our made quilts please come into the shop or our online Classes Workshops will have photos of quilts next to each description.
